

Every Inch of the Bates Steel Mule is Thoroughbred

JOB WORK A SPECIALTY

VOL. XXXIV. NO. 3.

FICER TELLS OF BALLOON TRIP

Officer Lost to the World for Twenty-Nine Days.

FOUND BY AN INDIAN

The United States Government by means of the Department of Agriculture, has been looking into the tractor question, and its bulletins clearly proves that the satisfied tractor owner—men who say that the tractor has paid—are men who own the BETTER CLASS of tractors. The successful man has learned years ago that he can't get something for nothing. No one can. The reason the BATES STEEL MULE costs more than it does is that it is worth more. Skilled factory procedure, quality production and the most modern machinery enables us to save money at every turn, yet the BATES STEEL MULE costs slightly more in the beginning to build but considerably less in the long run to own. It's just another case where a seemingly higher priced article is far cheaper to own when you come to actual cost.

The Bates thoroughbred quality comes not from men claims, but from what's put into it. Every part that goes

up the BATES STEEL MULE is put there by long hard experience. There isn't a part that isn't time-tried and tested.

There isn't a part that experience hasn't dictated the shape and size of; and in it all there isn't one superfluous part, nor one part that isn't capable of standing up under twice its strain if it gets in actual use. These are things experience have distrusted. The BATES comes to you as a fullowment of your desire for a tractor that will endure. Price is what we pay for a thing. Value is what we get out of it. Consider your tractor from what you will get out of it, consider the BATES STEEL MULE is the biggest value offered in any tractor on the American market today.

RE HIGH BLOOD PRESSURE.

High blood pressure can be overcome most easily by exercise, says the medical man.

Exercise is the best treatment for hypertension.

It can be exercised, gently at first,

increasing up to a reasonable amount.

Clients who have been re-

ferred on to us are being ad-

vised to take up some moderate form

of exercise, and in the course of

the day they may be acceptable.

Exercise is the best treatment for hypertension.
